As the first and oldest local organization solely focused on children diagnosed with childhood cancer and their families, Candlelighters has been a beacon of light for families in southern Nevada for more than 40 years. Candlelighters is proud to serve approximately 400 families and 1,200 children, both siblings and diagnosed children, each year. In the last decade alone, it has provided nearly \$13 million in financial assistance, emotional support and quality of life programs and services to families in our community in order to help with the significant costs of childhood cancer including medical expenses, rent and mortgage, and travel for treatment.
