

DECEMBER 2022 NEWSLETTER

THANK YOU FOR EVERYTHING!

Your giving made it
a monumental year.
Because of you, we
had our best year!

Your generosity provides the ultimate gift. Our goal is to support families with childhood cancer, so they have the time and energy to focus on the journey with their child and to feel supported emotionally and financially. With your love and kindness, we had one of our most successful years in dollars raised, volunteers, and event participants!

In 2022, 70 families received the news that their child has cancer in southern Nevada. With every new diagnosis, our family of support grows. Together, we are a family extended, filled with love and support so that nobody has to face childhood cancer alone.

We are grateful for so many things, and your support is one of them.
